W. C. T. U. URGES CITY CURFEW LAW

TO CONFER WITH MAYOR AND COUNCIL FOR INNOVATION.

DISCUSS CIGARETTE SMOKING BY YOUTHS

County Official Makes Address at Monthly Meeting at the Christian Church Relative to Habit.

The establishment of a curfew law in Maryville is one of the aims of the Woman's Christian Temperance Union and the preliminary step toward this was made at a meeting of the Union held yesterday afternoon at the First Christian church.

This movement was the appointment of a committee to confer with the mayor and board of alderman in regard to the constitutional propriety of such a law and to obtain the cooperation of the city officers in this movement. The committee was composed of Mrs. J. D. Frank and Mrs. R. L. McDougal.

The principal part of yesterday's program was a talk by Prosecuting Attorney, W. G. Sawyers, on the subject, "How Best to Suppress Cigarette Smoking by Young Children."

Following the talk of Mr. Sawyers, the afternoon was given over to the program Mrs. C. A. McCoppin and Mrs. George Reynolds each gave a talk on "Why I Am a Member of the W. C. T. U." and Mrs. J. D. Frank conducted a round table talk on "Christian Scientific Motherhood." The next meeting will be held the third Wednesday in April.

SELL EPISCOPALIAN CHURCH.

Harve Balmum Will Convert Abandoned House Into Paint and Repair Shop.

The old frame building on East Fourth street, which was sold a few weeks ago by the Episcopal church to Mose Nusbbaum and Edward C. Signs was resold this week by Nusbbaum and Signs to Harve Balmum. He will convert the abandoned building into a paint and repair shop on its removal from its present site to Fifth and Vine streets, in connection with the Union Bus Company, of which he is proprietor.

The building was sold to Balmum for \$300, slightly less than was paid by Nusbbaum and Signs. They retained the furnishings.

MUNTERS SHOULD WAIT.

Until Supreme Court Gave Decision, Says Prosecuting Attorney Sawyers.

In a statement to this paper, Prosecuting Attorney Wm. G. Sawyers had the following to say:

"I would like to place a different meaning on what I am supposed to have said on the bird law, as given in a recent issue. What I said, and was understood as saying is, that three Federal Judges have rendered decisions holding the present statute regarding when not to kill migratory birds, unconstitutional. No cases for the violation of this statute have been filed in this district, so far as I have learned and there seems to be no disposition to do so. However, should the Supreme Court of the United States hold this law good when they pass on it, it would place all who hunt and kill birds during the closed season, subject to prosecution, and I would not advise any one to take such chances, but wait till this law has been passed on and finally settled."

FEARS ITALIAN INVASION.

Austrians Mass 500,000 Men in Tyrol and Trentino Along Border.

Special to the Democrat-Forum.

London, March 25.—A Rome dispatch to the Daily News says that 500,000 Austrian troops are massed in southern part of Tyrol and Trentino, indicating a fear of invasion by Italy. Virtually all the villages between Eugana and Lake Garda have been evacuated by their inhabitants and many houses along the front have been blown up. Batteries have been posted at every point of vantage and heavy guns have been mounted at an altitude of about 7,000 feet.

DISMISS CLAIMS FOR \$25,000.

Probate Court Decides S. R. Harmon Can Not Recover on 2 of 3 Petitions.

A claim for \$19,105.58 made by Snyder & Harmon against the estate of A. C. Snyder, who died at Graham more than a year ago, and another for \$5,901.23 made by Samuel B. Harmon against the partnership assets of Snyder & Harmon, have been dismissed by Probate Judge W. H. Conn. The third claim in the case for \$1,919.20 brought by Harmon against the personal estate of Snyder, will be heard April 26. The probate court litigation resulted following the death of the senior partner to the firm of Snyder & Harmon of Graham. Snyder lived in Graham, where he conducted a mercantile business, but also owned a large farm near there. This, Mr. Harmon operated on a partnership basis.

CAN PREVENT SPRING FEVER.

Winter Diet Causes Feeling of Ennui, Says Dr. Harvey Wiley.

Simple rules for preventing the incubation of spring fever, that dread anarchist of good business, were given recently by Dr. Harvey Wiley. The advice is timely, according to Doctor Wiley, as the season for ennui and laziness will be posted on the calendars within a week or two.

"Spring fever is the result of carrying over into the spring the winter's diet," declared the pure food and hygiene expert. Throw off the diet as you throw off winter's clothing.

Eat less heat producing food, such as sugars, starches and oils. "Eat more tissue building foods, such as lean meat, whole grains and drink milk."

"But don't eat as much as you did during the winter. "A good spring diet for breakfast is two soft boiled, poached or fried eggs, whole wheat mush, whole corn cakes with sugar cane syrup, and a glass of milk. Don't eat at noon. For dinner, have soup, a roast, potatoes, a second vegetable, salad, dessert and fruit. Don't drink coffee, tea, cocoa or chocolate."

"Sleep seven hours a day and walk two miles."

Dr. McMillan in Hospital.

Dr. Paul McMillan of Chicago, who has been very ill for several weeks, was taken this week to St. Luke's hospital in that city to undergo an operation. The young man's condition is very serious. His parents, Mr. and Mrs. Edward McMillan of this city, are with their son in Chicago.

Chillicothe to Clean Up.

The Civic League of Chillicothe is making plans for urging a general clean-up in that city the first of April, similar to that announced for Maryville April 20.

TO SCORE CLEAN-UP

CITY PUPILS ASKED TO AID MUNICIPAL BETTERMENT.

NAMES 3 WARD BOSSES

Mayor Wright Selects Women as District Supervisors—Aide For Each Block—Prizes For Best Scores.

The "score-card committee" recently appointed as an auxiliary to the general clean-up committee for improving Maryville conditions April 20, reported the outline of the clean-up score cards to the general committee at a meeting at the Commercial Club yesterday afternoon. The committee consists of Paul Sisson, chairman; Mrs. E. G. Orser and F. P. Robinson.

The committee has decided to issue 500 pledge cards to be distributed to the school children of the city, with a request that each sign one, pledging himself to work for the general improvement in appearance and sanitary conditions in his ward and especially April 20. This date has been definitely fixed as "clean-up day" this year.

Plan Special Ward Prizes. The proposition to award special prizes in each ward, in addition to the trophy cup, for the ward making the best showing, also was discussed. It was tentatively decided to award two individual prizes in each ward to the school making the highest and to the pupil making the next highest score in the clean-up. What the prizes will be was not fully decided. "They will be well worth working for, however," said a leader in the movement this morning.

So well satisfied with the work of the score card committee was the general committee after yesterday's announcements, that it was decided to retain the committee.

What the Score Card Provides. While some minor changes may be made in the scoring system, submitted by the score card committee, on the whole, the system was adopted. It provides that general appearances shall count for 60 points and sanitary conditions for the remaining forty points.

These are sub-divided as follows:

General Appearance:	Points.
Streets and alleys.....	5
Walks and parkways.....	5
Yards, condition of grass, trees, shrubbery and general order.....	30
Buildings and fences (repair and paint).....	20
Total.....	60

Sanitary Conditions: Number of out houses.....10 Number Sewer connections.....10 Disposal of garbage.....10 Disposal of manure.....10

Total.....40

The general committee also suggested that consideration in the scoring should be given to the number of vacant lots under cultivation in each ward as to the number of new buildings being erected or that has recently been erected in each ward. These two matters may be incorporated in the system, by reducing the number of points accredited to certain conditions.

Names 3 Ward Captains. Mayor U. S. Wright, who was delegated to appoint the ward captains announced this morning that he had appointed a woman; each, for the second, third and fourth wards, and that one would probably be named for the first ward soon.

It was decided to appoint women as ward captains to supervise the clean-up movement April 20, as they would have more time to devote to the work, and also probably more interest in the movement than men.

Each of the ward captains will be expected to appoint a lieutenant or assistant either man or woman, in each block of the ward, in which she is captain.

Mother Superior Improving.

The Rev. Mother Augustine, Mother Superior of St. Francis hospital, who suffered injuries several weeks ago, which caused the amputation of her forearm, continues to improve and is now able to be about the hospital.

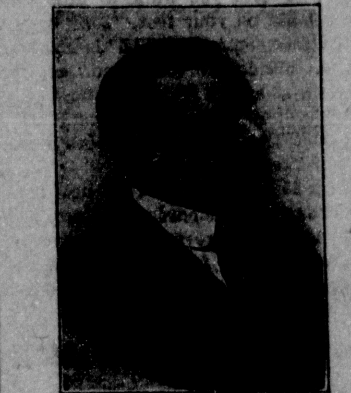

The Reverend Mother was overseeing some work in the laundry room, when her hand and arm were caught in the mangle and crushed. The other hand and arm was badly burned.

C. G. Swinford of Pickering, was in Maryville today on business.

MEN WORKERS MET

PRESBYTERIANS HOLD A NOON LUNCHEON AND CONFERENCE

BEGIN 10-DAY SERVICE

The Rev. Harkness Preached Last Night on "Man's Right Relationship to God."

To discuss plans for personal work during a ten-days evangelistic service which began last night at the First Presbyterian church, the Presbyterian business men of the city held a luncheon at noon today at the Merchants' Cafe. Previous to the luncheon, a fifteen minute prayer service was held in the wareroom of the Graham-Lattimer store, the manager, D. E. Hotchkiss, presiding.

First Service Last Night.

The pastor, the Rev. S. D. Harkness, conducted the first service of the meetings last night, speaking from the subject, "A Man's Right Relationship With God." A special musical program was given by the choir with Miss Nera Sage, organist and Miss Jean Horn, Soloist. The musical program will be a feature of the nightly services.

The service tonight will begin at 7:45 o'clock and the sermon will be preceded by a fifteen minute song program.

Right Relationship With God.

The Rev. Mr. Harkness took for his text last night the Psalmists words, "Search Me O God, and Know My Heart; try me and know my thoughts; see if there be any wicked way in me and lead me in the way everlasting." He said in part: "The purpose of this meeting is not the building up of the Presbyterian church but for the establishment of a right relationship between human hearts and God."

This text is a splendid illustration of men's attitude toward God. In that attitude should be based upon honesty, humility and helpfulness.

Another reason is that attitude enlarged into an appreciation of God begins to do for man where humane efforts must cease. We can say to no one else, "try my heart, know my thoughts. We can say this to God and be appreciated."

The last sentence expresses the fulfillment of greatness, power and holiness in submission.

Young Man Operated Upon.

Otto Young, the son of Mr. and Mrs. Frank Young of Badelon, was brought to St. Francis hospital yesterday, suffering with an attack of appendicitis. The young man was operated upon this morning and is doing very well.

Miss Ethel Muse, who is employed at Detroit, Mich., arrived in Maryville Tuesday night to visit her mother, Mrs. E. A. Muse.

FAVORS ROAD LEVY

CATHOLIC LEADER BELIEVES IT PREFERABLE TO BONDS.

URGE 50 CENTS ON \$100

Father Placid Wants Good Highways in Jefferson Township, but Not Through \$25,000 Issue.

Father Placid, head of the monastery at Conception, and leader in Catholic organizations of that part of Nodaway county, while a believer and worker for better roads favors the levying of a 50 cent tax to each \$100 valuation in Jefferson township, instead of voting \$25,000 in bonds for better bridges there, according to announcement made by him last week.

He was previously reported to have favored and to be a worker for the \$25,000 bond proposition for which petitions now are being circulated in Jefferson township.

"Several years ago I recommended the road-bonds," said Father Placid. "Since that time a new law went into effect which enables us to do something better. This new law gives power to the township board to levy for road purposes a fifty cent tax on the hundred dollar valuation."

"Now as much as is used of this tax for permanent road improvements, such as taking down hills, constructing concrete culverts, etc., it will leave us yearly at least \$2,000 for permanent road-work, which amount the state will have to double, not just at once, but gradually as the road money in the treasury will permit; yet it is money which we will get for sure, sooner or later."

"And mind it well, that at least one-third of the above \$3,500 will have to be paid by the two railroad companies in our township, thus reducing our tax to \$2,400, while the total amount coming to us from the tax will be at least \$5,500, a sum which, if properly used every year, will bring our roads to a high standard within the next ten years."

"And yet the burden of the tax will not be felt at all by our people. And we will have to pay no interest on this levy as we should have to do on the road-bonds. It will also exclude all dishonest dealings, and will every year yield just about the amount which we can easily handle to the greatest advantage."

"I therefore advise that you urge the new township board, as soon as elected, to make the 50 cent levy at its first meeting in April, at which time the law provides for the levy. And I advise those of our parishioners who live in other townships to do the same in their townships. And let all on next Tuesday, March 30, elect men to the township board who have time, the good will, and the ability to look after our road-interests."

"In conclusion I wish to say again what I often said before, that the road question is a religious question, for which reason it is my duty to work for good roads. Good roads enable our church members to attend the holy services, while bad roads keep them away from them, as was amply demonstrated again during this winter. And how many other advantages do good roads have? Therefore wake up from your sleep."

POLISH LOSE MUCH IN WAR.

Gallia and Poland Damaged to Extent of \$1,250,000,000 by Conflict.

According to report the damages due to the war in Poland and Gallia amount to 5,000,000,000 marks (\$1,250,000,000).

In Gallia a hundred cities and market places and no fewer than 6,000 villages have been more or less damaged, while 250 villages have been destroyed. About 500,000 horses and 500,000 head of cattle, with all grain and other provisions in Gallia have been taken away by the Russians. In Poland more than 200 cities and 9,000 villages have been destroyed or damaged.

CITY POLITICS LIVENING UP

G. B. Holmes Also Mentioned for the Third Ward—May be Free-for-all.

With the city election but twelve days in the distance, when one councilman from each of the four wards of Maryville, will be chosen, politics are beginning to get lively and more names each day are being submitted of would-be-councilmen.

The latest resident to be bronched for a member of the city council from the third ward is G. B. Holmes. Mr. Holmes has not openly announced his candidacy for that berth, but it is reported he would accept it.

The manner of selecting the candidates has not been decided upon. For several years past, it has been the custom to hold a non-partisan meeting a few days before election and to select the nominees. Many are still in favor of this plan. Others suggest that the best way would be to let all of the candidates run on election day and not have any nominating meeting thereby making it a free-for-all field.

TO ORGANIZE YEOMEN LODGE.

State Manager Here to Lease Hall For Weekly Meets.

C. L. Vrooman of Kansas City, state manager of the Brotherhood of American Yeomen, is, in Maryville today for the purpose of organizing a Yeomen lodge in this city. Mr. Vrooman says there are now approximately 100 members of that order here, but the members have never organized nor had a meeting place. It heretofore has been conducted on an insurance basis in Maryville.

It is Mr. Vrooman's plan to lease a suitable hall, where the lodge may hold weekly meetings, for social and business purposes. Along the social line he plans orchestral music each week and perhaps a dance, banquet or party of some kind. The local fund for lodge purposes here now amounts to about \$400. Manager Vrooman announces, secured through the 20 cents per month dues.

JUSTICE NOMINEE DECLINES.

W. A. Townsend, Democratic Candidate Would Be City Collector Instead.

W. A. Townsend who was nominated by the Democrats of Polk township, as one of two candidates for justice of the peace of this township, last Saturday, declines the nomination, in an announcement made today. This action was taken by Mr. Townsend, on account of his being a candidate for city collector.

"I do not feel justified in being a candidate for two separate offices, much as I appreciate the favor shown in naming me as candidate for the township office," said Mr. Townsend. With the declination of Mr. Townsend, only W. L. Johnson remains as Democratic candidate for Justice of the peace, while the Republicans have five candidates.

L. M. Dobbs of Savannah, school superintendent of Andrew county, was in Maryville Wednesday to confer with County School Superintendent Bert Cooper relative to school matters.

Missionary Head Unfurls Stars and Stripes as Assyrian Christians Await Massacre.

By American Press.

Tiflis, via Petrograd and London, March 25.—Telegrams and letters reaching here from Urumiah, in northwestern Persia, describe the situation of the American Presbyterian mission, stationed there, as desperate. Turkish regular troops and Kurds are persecuting and massacring the Assyrian Christian party, it is reported.

Peckard, the doctor of the missionary station at Urumiah, and a member of the board of foreign missions of the Presbyterian church, risked his life in a successful effort to prevent a frightful massacre at Geogtapa, where 3,000 Assyrians made their last stand. They had fought for three days and their ammunition was all gone.

At this juncture Dr. Packard unfurled an American flag and advanced between the lines. His act resulted in the saving of all but 200 of the Assyrians, who had burned in a church.

Fifteen thousand Assyrian Christians have taken refuge under the protection of the American mission stationed there, while 2,000 are at the French missions.

FORTY VILLA SOLDIERS KILLED BY BOMBS

Hundreds of Others Wounded by Explosion of Mines.

Los Angeles, March 25.—Dynamite bombs placed by Carranza agents were exploded under a trainload of Villa's advance guard near Forton, on the road between Monterey and Tampico, and forty men were killed, according to a message received from Vera Cruz by Antonio Villareal, a Carranza representative. The injured numbered several hundred.

The explosion also wrecked a considerable length of track, the message said, and other mines along the railroad were expected to keep the advance of Villa's army on Tampico in check until General's Benjamin Hill and Pablo Gonzales were in position to attack.

Another message from Vera Cruz said that Carranza had sent a number of heavy guns to Tampico.

TRAINING FIGHTING MATCH

Johnson and Willard Are Forced by Weather to Work Indoors.

Havana, March 25.—Jack Johnson and Jess Willard have settled down to the regular routine of training in preparation for their fight for the heavy weight championship of the world or April 4. Constant rains confine their work chiefly to indoor training. The champion has his headquarters in the gymnasium at the Stadium and the challenger is training at the suburb of Miramar. Both men are charging admission fees to their quarters, which are visited every afternoon by several hundred Cubans and Americans. Boxing is a novelty to the natives, although the tourists appreciate the fine points of the sport. The Americans are interested chiefly in Johnson's condition. The champion appears to be in surprisingly good form.

You can feel sure that the DODGE BROTHERS MOTOR CAR is exactly as good as it looks if you will remember the wide experience which Dodge Brothers have had in motor car construction.

Surely it is not assuming too much, for example, to say that Dodge Brothers should be skilled in axle construction, as they have manufactured as many as 225,000 rear axles per year.

The wheelbase is 110 inches. The price of the car complete is \$785.00 f. o. b. Detroit.

SEWELL AND CARTER
Maryville and Burlington Junction

Service vs. A Ride

There was a time in Maryville when a mere ride to the depots was satisfactory, but modern times demand more than this.

I feel that the price you pay me for transportation includes courteous treatment from my men, seeing that you do not miss your train, which we feel is our responsibility, attending to your baggage, and calling for you in any part of the town regardless of road conditions.

This in addition to a comfortable conveyance and rapid transportation is my kind of service.

It takes a good deal of money to purchase the equipment that makes it possible to guarantee this kind of service at all times and it takes a good deal of money to maintain a working force that makes this equipment effective.

But SERVICE is a hobby with me—and I believe Maryville people are inclined to give their support to the man who measures up to these service requirements when the service is supplied at a moderate cost.

BRITONS RAID GERMAN PLANT

BOMBS ARE DROPPED BY AERO-PLANES ON SUBMARINE YARDS

WORKS WERE DAMAGED

One Airman Compelled to Land in Holland and Is Interned—Germans Active in Belgium—Big Battle Rages in Carpathians.

WAR SUMMARY

The Russian armies are pressing the fighting both in northern Poland and the Carpathians, where Germans and Austrians are giving desperate battle to stay the attempted advance of the Muscovites.

Vienna reports that strong Russian forces are now attacking with great violence along the front extending for miles from Uzok pass and that fierce fighting is taking place for the possession of the heights dominating important outposts from the north into Hungary.

The Russians claim to be advancing and to have seized several fortified heights on the front between the roads leading to Bartfield and Uzok.

The German have brought up many additional troops in the north of Poland, where along the Naraw and Orzyk rivers they have been pouring a deadly fire into the Russian ranks and have time after time undertaken strong offensive operations.

London, March 25.—A British raid on Hoboken, near Antwerp, where the Germans are constructing submarines; another threatened effort by the Germans in Flanders, and heavy fighting in the Carpathians are the outstanding features of the war news. Five British airmen, starting from Dunkirk, took part in the raid on the submarine yards, but only two of them reached the marks. Two were obliged to turn back owing to the thick weather, and a third was compelled to land in Holland because of engine trouble and was interned.

According to a report issued by the British admiralty, two of the five submarines which were observed on the elms were damaged and the works set afire.

Dispatches from the Dutch frontier say that seven German airmen attacked the British raiders, but were out flown.

Preparations of Germans.

In the same region it is reported that the Germans are preparing for another supreme effort in Flanders. Already there has been considerable fighting along the Yser, the Germans having bombarded Neuport and Dixmude, while the Belgians have made progress along both banks of the river.

The big battle of the moment, however, is in progress between Dukla pass and Uzok pass, in the Carpathians, where, in their official communications, the Russians claimed to have captured a number of Austrians and to have made a general advance. Austrian correspondents declare that this battle is likely to continue for some time. It is possible that the Russians will send part of the troops released by the fall of Przemyśl in an endeavor to bring the battle to an end.

The Austrians have developed a fresh offensive in Bukovina. On the other extreme wing of the eastern front the Germans have recaptured Menel, with the assistance of their warships.

There is some doubt as to what is going on in the Dardanelles, one report stating that the bombardment has been resumed but others that the operations were still being interfered with by unfavorable weather.

THICK, GLOSSY HAIR FREE FROM DANDRUFF.

Girls! Beautify Your Hair! Make It Soft, Fluffy and Luxuriant—Try the Moist Cloth.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp. A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair growth.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

DRUG LAW BARS 1,100 REMEDIES.

They Contain Opiates and Can Be Sold on Doctor's Prescription Only.

There are on the market today 1,100 pharmaceutical and proprietary remedies and articles which come under the restrictions of the recent federal law restricting the sale and dispensing of opium or coca leaves, or any of their salts, derivatives or preparations. The reason is they contain opium, morphine, cocaine, heroin or cocaine in excess of the amount exempt under the law. Only fourteen such preparations on the market contain so small amounts of these habit forming drugs that they are exempt and may be sold without prescription. None of the 1,100 preparations may be sold, dispensed or given away without the prescription of a physician, dentist or veterinarian who is registered with the government.

The law requires that druggists not only must keep an accurate account of all narcotic drugs dispensed, but an account as well of the dispensing of these 1,100 preparations.

W.C.T.U. URGES CITY CURFEW LAW

TO CONFER WITH MAYOR AND COUNCIL FOR INNOVATION.

DISCUSS CIGARETTE SMOKING BY YOUTHS

County Official Makes Address at Monthly Meeting at the Christian Church Relative to Habit.

The establishment of a curfew law in Maryville is one of the aims of the Woman's Christian Temperance Union and the preliminary step toward this was made at a meeting of the Union held yesterday afternoon at the First Christian church.

This movement was the appointment of a committee to confer with the mayor and board of alderman in regard to the constitutional propriety of such a law and to obtain the cooperation of the city officers in this movement. The committee was composed of Mrs. J. D. Frank and Mrs. R. L. McDougal.

The principal part of yesterday's program was a talk by Prosecuting Attorney, W. C. Sawyers, on the subject, "How Best to Suppress Cigarette Smoking by Young Children."

Following the talk of Mr. Sawyers, the afternoon was given over to the program Mrs. C. A. McCoppin and Mrs. George Reynolds each gave a talk on "Why I Am a Member of the W. C. T. U." and Mrs. J. D. Frank conducted a round table talk on "Christian Scientific Motherhood." The next meeting will be held the third Wednesday in April.

SELL EPISCOPALIAN CHURCH.

Harve Bainum Will Convert Abandoned House Into Paint and Repair Shop. The old frame building on East Fourth street, which was sold a few weeks ago by the Episcopalian church to Mose Nussbaum and Edward C. Signs was resold this week by Nussbaum and Signs to Harve Bainum. He will convert the abandoned building into a paint and repair shop on its removal from its present site to Fifth and Vine streets, in connection with the Union Bus Company, of which he is proprietor.

The building was sold to Bainum for \$300, slightly less than was paid by Nussbaum and Signs. They retained the furnishings.

HUNTERS SHOULD WAIT.

Until Supreme Court Gave Decision, Says Prosecuting Attorney Sawyers. In a statement to this paper, Prosecuting Attorney Wm. G. Sawyers had the following to say:

"I would like to place a different meaning on what I am supposed to have said on the bird law, as given in a recent issue. What I said, and be understood as saying is, that three Federal Judges have rendered decisions holding the present statute regarding when not to kill migratory birds, unconstitutional. No cases for the violation of this statute have been filed in this district, so far as I have learned and there seems to be no disposition to do so. However, should the Supreme Court of the United States hold this law good when they pass on it, it would place all who hunt and kill birds during the closed season, subject to prosecution, and I would not advise any one to take such chances, but wait till this law has been passed on and finally settled."

Special to the Democrat-Forum. London, March 25.—A Rome dispatch to the Daily News says that 500,000 Austrian troops are massed in southern part of Tyrol and Trentino, indicating a fear of invasion by Italy. DISMISS CLAIMS FOR \$25,000.

Probate Court Decides S. B. Harmon Can Not Recover on 2 of 3 Petitions.

A claim for \$19,165.58 made by Snyder & Harmon against the estate of A. C. Snyder, who died at Graham more than a year ago, and another for \$5,961.23 made by Samuel B. The third claim in the case for \$1,919.20 brought by Harmon against the personal estate of Snyder, will be heard April 26. The probate court litigation resulted following the death of the senior partner to the firm of Snyder & Harmon of Graham. Snyder lived in Graham, where he conducted a mercantile business, but also owned a large farm near there. This, Mr. Harmon operated on a partnership basis.

CAN PREVENT SPRING FEVER.

Winter Diet Causes Feeling of Ennui, Says Dr. Harvey Wiley.

Simple rules for preventing the incubation of spring fever, that dread anarchist of good business, were given recently by Dr. Harvey Wiley. The advice is timely, according to Doctor Wiley, as the season for ennui and laziness will be posted on the calendars within a week or two.

"Spring fever is the result of carrying over into the spring the winter's diet," declared the pure food and hygiene expert. "Throw off the diet as you throw off winter's clothing."

"Eat less heat producing food, such as sugars, starches and oils."

"Eat more tissue building foods, such as lean meat, whole grains and drink milk."

"But don't eat as much as you did during the winter."

"A good spring diet for breakfast is two soft boiled, poached or fried eggs, whole wheat mush, whole corn cakes with sugar cane syrup, and a glass of milk. Don't eat at noon. For dinner, have soup, a roast, potatoes, a second vegetable, salad, dessert and fruit. Don't drink coffee, tea, cocoa or chocolate."

"Sleep seven hours a day and walk two miles."

Chillicothe to Clean Up.

The Civic League of Chillicothe is making plans for urging a general clean-up in that city the first of April, similar to that announced for Maryville April 20.

TO SCORE CLEAN-UP

CITY PUPILS ASKED TO AID MUNICIPAL BETTERMENT.

NAMES 3 WARD BOSSES

Mayor Wright Selects Women as District Supervisors—Aide For Each Block—Prizes For Best Scores.

The "score-card committee" recently appointed as an auxiliary to the general clean-up committee for improving Maryville conditions April 20, reported the outline of the clean-up score cards to the general committee at a meeting at the Commercial Club yesterday afternoon. The committee consists of Paul Sisson, chairman; Mrs. E. G. Orear and F. P. Robinson.

The committee has decided to issue 500 pledge cards to be distributed to the school children of the city, with a request that each sign one, pledging himself to work for the general improvement in appearance and sanitary conditions in his ward and especially April 20. This date has been definitely fixed as "clean-up day" this year.

Plan Special Ward Prizes.

The proposition to award special prizes in each ward, in addition to the trophy cup, for the ward making the best showing, also was discussed. It was tentatively decided to award two individual prizes in each ward to the pupil making the highest and to the pupil making the next highest score in the clean-up. What the prizes will be was not fully decided. "They will be well worth working for, however," said a leader in the movement this morning.

So well satisfied with the work of the score card committee was the general committee after yesterday's announcements, that it was decided to retain the committee.

What the Score Card Provides.

While some minor changes may be made in the scoring system, submitted by the score card committee, on the whole, the system was adopted. It provides that general appearances shall count for 60 points and sanitary conditions for the remaining forty points.

These are sub-divided as follows:

	Points.
Streets and alleys.....	5
Walks and parkways.....	5
Yards, condition of grass, trees, shrubbery and general order.....	30
Buildings and fences (repair and paint).....	20
Total.....	60

Sanitary Conditions:

Number of out houses.....	10
Number Sewer connections.....	10
Disposal of garbage.....	10
Disposal of manure.....	10

Total.....40

The general committee also suggested that consideration in the scoring should be given to the number of vacant lots under cultivation in each ward and to the number of new buildings being erected or that has recently been erected in each ward. These two matters may be incorporated in the system, by reducing the number of points accredited to certain conditions.

Names 3 Ward Captains.

Mayor U. S. Wright, who was delegated to appoint the ward captains announced this morning that he had appointed a woman; each, for the second, third and fourth wards, and that one would probably be named for the first ward soon.

It was decided to appoint women as ward captains to supervise the clean-up movement April 20, as they would have more time to devote to the work, and also probably more interest in the movement than men.

Each of the ward captains will be expected to appoint a lieutenant or assistant either man or woman, in each block of the ward, in which she is captain.

The Rev. Mother Augustine, Mother Superior of St. Francis hospital, who suffered injuries several weeks ago, which caused the amputation of her forearm, continues to improve and is now able to be about the hospital.

The Reverend Mother was overseeing some work in the laundry room, when her hand and arm were caught in the mangle and crushed. The other hand and arm was badly burned.

C. G. Swinford of Pickering, was in Maryville today on business.

MEN WORKERS MET

PRESBYTERIANS HOLD A NOON LUNCHEON AND CONFERENCE

BEGIN 10-DAY SERVICE

The Rev. Harkness Preached Last Night on "Man's Right Relationship to God."

To discuss plans for personal work during a ten-days evangelistic service which began last night at the First Presbyterian church, the Presbyterian business men of the city held a luncheon at noon today at the Merchants' Cafe. Previous to the luncheon, a fifteen minute prayer service was held in the warehouse of the Graham-Latimer store, the manager, D. E. Hotchkiss, presiding.

First Service Last Night.

The pastor, the Rev. S. D. Harkness, conducted the first service of the meetings last night, speaking from the subject, "A Man's Right Relationship With God." A special musical program was given by the choir with Miss Neva Sage, organist and Miss Jean Horn, Soloist. The musical program will be a feature of the nightly services.

The service tonight will begin at 7:45 o'clock and the sermon will be preceded by a fifteen minute song program.

Right Relationship With God.

The Rev. Mr. Harkness took for his text last night the Psalmists words, "Search Me O God, and Know My Heart; try me and know my thoughts; see if there be any wicked way in me and lead me in the way everlasting." He said in part: "The purpose of this meeting is not the building up of the Presbyterian church but for the establishment of a right relationship between human hearts and God."

This text is a splendid illustration of men's attitude toward God. In that attitude should be based upon honesty, humility and helpfulness.

Another reason is that attitude enlarged into an appreciation of God begins to do for man where humane efforts must cease. We can say to no one else, "try my heart, know my thoughts. We can say this to God and be appreciated."

The last sentence expresses the fulfillment of greatness, power and holiness in submission.

Young Man Operated Upon.

Otto Young, the son of Mr. and Mrs. Frank Young of Bedison, was brought to St. Francis hospital yesterday, suffering from an attack of appendicitis. The young man was operated upon this morning and is doing very well.

Miss Ethel Muse, who is employed at Detroit, Mich., arrived in Maryville Tuesday night to visit her mother, Mrs. S. A. Muse.

FAVORS ROAD LEVY

CATHOLIC LEADER BELIEVES IT PREFERABLE TO BONDS.

URGE 50 CENTS ON \$100

Father Placid Wants Good Highways in Jefferson Township, but Not Through \$25,000 Issue.

Father Placid, head of the monastery at Conception, and leader in Catholic organizations of that part of Nodaway county, while a believer and worker for better roads favors the levying of a 50 cent tax to each \$100 valuation in Jefferson township, instead of voting \$25,000 in bonds for better bridges there, according to announcement made by him last week.

He was previously reported to have favored and to be a worker for the \$25,000 bond proposition for which petitions now are being circulated in Jefferson township.

"Several years ago I recommended the road-bonds," said Father Placid. "Since that time a new law went into effect which enables us to do something better. This new law gives power to the township board to levy for road purposes a fifty cent tax on the hundred dollar valuation."

"Now as much as is used of this tax for permanent road improvements, such as taking down hills, constructing concrete culverts, etc., that much also the state has to pay to us. Let me explain this better. A 50 cent tax in this township will bring us every year about \$3,500 besides the poll tax in labor or money."

"Now if \$1,500 of the \$3,500 is used for common road-work, such as getting the roads into shape, crowning and draining them, etc., it will leave us yearly at least \$2,000 for permanent road-work, which amount the state will have to double, not just at once, but gradually as the road money in the treasury will permit; yet it is money which we will get for sure, sooner or later."

"And mind it well, that at least one-third of the above \$3,500 will have to be paid by the two railroad companies in our township, thus reducing our tax to \$2,400, while the total amount coming to us from the tax will be at least \$5,500, a sum which, if properly used every year, will bring our roads to a high standard within the next ten years."

"And yet the burden of the tax will not be felt at all by our people. And we will have to pay no interest on this levy as we should have to do on the road-bonds. It will also exclude all dishonest dealings, and will every year yield just about the amount which we can easily handle to the greatest advantage."

"I therefore advise that you urge the new township board, as soon as elected, to make the 50 cent levy at its first meeting in April, at which time the law provides for the levy. And I advise those of our parishoners who live in other townships to do the same in their townships. And let all on next Tuesday, March 30, elect men to the township board who have time, the good will, and the ability to look after our road-interests."

In conclusion I wish to say again what I often said before, that the road question is a religious question, for which reason it is my duty to work for good roads. Good roads enable our church members to attend the holy services, while bad roads keep them away from them, as was amply demonstrated again during this winter. And how many other advantages do good roads have? Therefore wake up from your sleep."

POLISH LOSE MUCH IN WAR.

Galicia and Poland Damaged to Extent of \$1,250,000,000 by Conflict. According to report the damages due to the war in Poland and Galicia amount to 5,000,000,000 marks (\$1,250,000,000).

In Galicia a hundred cities and market places and no fewer than 6,000 villages have been more or less damaged, while 250 villages have been destroyed. About 800,000 horses and 500,000 head of cattle, with all grain and other provisions in Galicia have been taken away by the Russians. In Poland more than 200 cities and 9,000 villages have been destroyed or damaged.

CITY POLITICS LIVENING UP

G. B. Holmes Also Mentioned for the Third Ward—May be Free-for-all.

With the city election but twelve days in the distance, when one councilman from each of the four wards of Maryville, will be chosen, politics are beginning to get lively and more names each day are being submitted of would be-councilmen.

The latest resident to be broached for a member of the city council from the third ward is G. B. Holmes. Mr. Holmes has not openly announced his candidacy for that berth, but it is reported he would accept it.

The manner of selecting the candidates has not been decided upon. For several years past, it has been the custom to hold a non-partisan meeting a few days before election and to select the nominees. Many are still in favor of this plan. Others suggest that the best way would be to let all of the candidates run on election day and not have any nominating meeting thereby making it a free-for-all field.

The Rev. Lewis M. Hale, pastor of the First Baptist church will go to St. Joseph Monday, to conduct a three weeks revival at the Patee Park Baptist church of that city.

During the pastor's absence, the Men's club of the church will take charge of the service. On Easter Sunday the children of the Sunday School will give an Easter program at the morning-hour and the evening services will be conducted by the Men's club.

The following Sunday the choir will have charge of the morning program which will be musical, and the laymen will take the service at the evening hour.

TO ORGANIZE YEOMEN LODGE.

State Manager Here to Lease Hall For Weekly Meets.

C. L. Vrooman of Kansas City, state manager of the Brotherhood of American Yeomen, is in Maryville today for the purpose of organizing a Yeomen lodge in this city. Mr. Vrooman says there are now approximately 100 members of that order here, but the members have never organized nor had a meeting place. It heretofore has been conducted on an insurance basis in Maryville.

It is Mr. Vrooman's plan to lease a suitable hall, where the lodge may hold weekly meetings, for social and business purposes. Along the social line he plans orchestral music each week and perhaps a dance, banquet or party of some kind. The local fund for lodge purposes here now amounts to about \$400. Manager Vrooman announces, secured through the 20 cents per month dues.

JUSTICE NOMINEE DECLINES.

W. A. Townsend, Democratic Candidate Would Be City Collector Instead.

W. A. Townsend who was nominated by the Democrats of Polk township, as one of two candidates for justice of the peace of this township, last Saturday, declines the nomination, in an announcement made today. This action was taken by Mr. Townsend, on account of his being a candidate for city collector.

"I do not feel justified in being a candidate for two separate offices, much as I appreciate the favor shown in naming me as candidate for the township office," said Mr. Townsend. With the declination of Mr. Townsend, only W. L. Johnson remains as Democratic candidate for Justice of the peace, while the Republicans have five candidates.

L. M. Dobbs of Savannah, school superintendent of Andrew county, was in Maryville Wednesday to confer with County School Superintendent Bert Cooper relative to school matters.

TURKS BURN 200 SYRIAN CONVERTS

PERSIAN PRESBYTERIAN MISSION IN DESPERATE SITUATION.

3,000 ESCAPE DEATH BY AMERICAN FLAG

Missionary Head Unfurled Stars and Stripes as Assyrian Christians Await Massacre.

By American Press. Tiflis, via Petrograd and London, March 25.—Telegrams and letters reaching here from Urumiah, in northwestern Persia, describe the situation of the American Presbyterian mission, stationed there, as desperate. Turkish regular troops and Kurds are persecuting and massacring the Assyrian Christian party, it is reported.

Peckard, the doctor of the missionary station at Urumiah, and a member of the board of foreign missions of the Presbyterian church, risked his life in a successful effort to prevent a frightful massacre at Geogtapa, where 3,000 Assyrians made their last stand. They had fought for three days and their ammunition was all gone.

At this juncture Dr. Peckard unfurled an American flag and advanced between the lines. His act resulted in the saving of all but 200 of the Assyrians, who had burned in a church.

Fifteen thousand Assyrian Christians have taken refuge under the protection of the American mission stationed there, while 2,000 are at the French missions.

FORTY VILLA SOLDIERS KILLED BY BOMBS

Hundreds of Others Wounded by
Explosion of Mines.

Los Angeles, March 25.—Dynamite bombs placed by Carranza agents were exploded under a railroad of Villa's advance guard near Forlon, on the road between Monterey and Tampico, and forty men were killed, according to a message received from Vera Cruz by Antonio Villareal, a Carranza representative. The injured numbered several hundred.

The explosion also wrecked a considerable length of trackage, the message said, and other mines along the railroad were expected to keep the advance of Villa's army on Tampico in check until Genera's Benjamin Hill and Pablo Gonzales were in position to attack.

Another message from Vera Cruz said that Carranza had sent a number of heavy guns to Tampico.

TRAINING FOR BIG MATCH

Johnson and Willard Are Forced by
Weather to Work Indoors.

Havana, March 25.—Jack Johnson and Jess Willard have settled down to the regular routine of training in preparation for their fight for the heavy weight championship of the world or April 4. Constant rains confine their work chiefly to indoor training. The champion has his headquarters in the gymnasium at the Stadium and the challenger is training at the suburb of Miramar. Both men are charging admission fees to their quarters, which are visited every afternoon by several hundred Cubans and Americans. Boxing is a novelty to the natives, although the tourists appreciate the fine points of the sport. The Americans are interested chiefly in Johnson's condition. The champion appears to be in surprisingly good form.

Service vs. A Ride

There was a time in Maryville when a mere ride to the depots was satisfactory, but modern times demand more than this.

I feel that the price you pay me for transportation includes courteous treatment from my men, seeing that you do not miss your train, which we feel is our responsibility, attending to your baggage, and calling for you in any part of the town regardless of road conditions.

This in addition to a comfortable conveyance and rapid transportation is my kind of service.

It takes a good deal of money to purchase the equipment that makes it possible to guarantee this kind of service at all times and it takes a good deal of money to maintain a working force that makes this equipment effective.

But SERVICE is a hobby with me—and I believe Maryville people are inclined to give their support to the man who measures up to these service requirements when the service is supplied at a moderate cost.

Fortified Tires On the Better Road Above You

When tires go wrong, through faults which Good-year tires avoid, remember there's a better road above you. On it are some 400,000 users to whom Goodyears brought content.

Let each rim-cut suggest our No-Rim-Cut feature—the best way known to combat it.

Let each needless blow-out suggest our "On-Air" cure. At a cost to us of \$450,000 yearly, it wipes out a major cause.

Let each loose tread remind you that our patent method reduces this risk 60 per cent.

Let each puncture remind you that our All-Weather tread is tough and double-thick. And each skid suggest its sharp, resistless grips.

No Other Ways

No other ways so well combat these troubles. And no other tire employs one of these methods.

That's why Goodyears hold the highest place. That's why men last year bought 1,479,883—about one Goodyear for every car in use.

Reduction No. 3

On February 1st we made our third big price reduction in two years. The three total 45 per cent. Yet we retain every costly, exclusive feature. And we spend \$100,000 yearly to discover other betterments. We can and do give most for the money because of our matchless output.

You'll find that Goodyears

mean less trouble, less cost per mile. The following Goodyear Service Stations will supply you:

BRITONS RAID GERMAN PLANT

BOMBS ARE DROPPED BY AREO-PLANES ON SUBMARINE YARDS

WORKS WERE DAMAGED

One Airman Compelled to Land in Holland and Is Interned—Germans Active in Belgium—Big Battle Rages in Carpathians.

WAR SUMMARY

The Russian armies are pressing the fighting both in northern Poland and the Carpathians, where Germans and Austrians are giving desperate battle to stay the attempted advance of the Muscovites.

Vienna reports that strong Russian forces are now attacking with great violence along the front extending for miles from Uzsok pass and that fierce fighting is taking place for the possession of the heights dominating important outposts from the north into Hungary.

The Russians claim to be advancing and to have seized several fortified heights on the front between the roads leading to Bartfield and Uzsok.

The German have brought up many additional troops in the north of Poland, where along the Narew and Orzyc rivers they have been pouring a deadly fire into the Russian ranks and have time after time undertaken strong offensive operations.

London, March 25.—A British air raid on Hoboken, near Antwerp, where the Germans are constructing submarines; another threatened effort by the Germans in Flanders, and heavy fighting in the Carpathians are the outstanding features of the war news.

Five British airmen, starting from Dunkirk, took part in the raid on the submarine yards but only two of them reached the marks. Two were obliged to turn back owing to the thick weather, and a third was compelled to land in Holland because of engine trouble and was interned.

According to a report issued by the British admiralty, two of the five submarines which were observed on the elms were damaged and the works set afire.

Dispatches from the Dutch frontier say that seven German airmen attacked the British raiders, but were out flown.

Preparations of Germans.

In the same region it is reported that the Germans are preparing for another supreme effort in Flanders. Already there has been considerable fighting along the Yser, the Germans having bombarded Neuport and Dixmude, while the Belgians have made progress along both banks of the river.

The big battle of the moment, however, is in progress between Duka pass and Uzsok pass, in the Carpathians, where in their official communications, the Russians claimed to have captured a number of Austrians and to have made a general advance. Austrian correspondents declare that this battle is likely to continue for some time. It is possible that the Russians will send part of the troops released by the fall of Przemyel in an endeavor to bring the battle to an end.

The Austrians have developed a fresh offensive in Bukovina.

On the other extreme wing of the eastern front the Germans have recaptured Mamel, with the assistance of their warships.

There is some doubt as to what is going on in the Balkans, one report stating that the bombardment has been resumed but others that the operations were still being interfered with by unfavorable weather.

THICK, GLOSSY HAIR FREE FROM DANDRUFF.

Girls! Beautify Your Hair! Make It Soft, Fluffy and Luxuriant—Try the Moist Cloth.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp. A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair growth.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.
